

## CATHOLIC EDUCATORS BEAR WITNESS TO HOLOCAUST

At a time when the world is filled with inter-religious conflict and international headlines report trends of religious extremism, Catholic and Jewish communities came together. ADL, in collaboration with the Archdiocese of Miami, hosted a unique educational opportunity for Catholic school educators from the Dioceses of Miami, Palm Beach and New Orleans on the Holocaust and contemporary anti-Semitism. The first Florida **Bearing Witness™** program, a three-day teacher institute, was held at St. Thomas University in Miami Gardens and the Jewish Museum of Florida in Miami Beach.

**Bearing Witness™** in Miami was generously underwritten by Mr. David and Senator Nan Rich; from a grant from LEAH (League for the Education and Awareness of the Holocaust); and by **Steven L. Schwarzberg**, in memory of his beloved parents, Bluma and Abraham Schwarzberg. Since its inception, **Bearing Witness™** has trained nearly 1000 Catholic school educators across North America.
